What Shipped

- Tables: pin_product_understanding, pin_product_classification, pin_hook_library, pin_hook_restrictions, pin_wave1_runs.
- Edge function: pinterest-creative-wave1 — classifies products, seeds 15-hook library and 14 restriction rules, persists per-product allowed/banned hook IDs.
- Classification covers species (dog/cat/bird/fish/small_pet/reptile) × type (bed/toy/feeder/scratcher/harness/litter/grooming/perch/heater/carrier/tank_gear) with rationale and confidence.
- Hook library enforces species + type lock per hook. Restriction engine blocks cross-species claims and brand-banned phrases.
- Publishing remains paused (premium_engine_paused=true, 42 queued pins held).

Pending Decisions Before Wave 2

- Retroactive scope (Step 10): all 382 posted pins or last 30 days?
- Archival mode: auto-delete on Pinterest, or DB-only 'archived' with approval?
- Stripe Wave D: live-mode or test-mode purchase?
