Executive Summary

Wave 4A+ transforms the Growth Score from a daily number into a full intelligence layer. The platform now explains every subscore change (prev/curr/delta/reason/root cause/expected trend), prioritises every recommendation across 6 impact axes, ranks all 428 active products by a 12-component Opportunity Score, forecasts 8 business metrics across 4 horizons (1/7/30/90d), and grades its own predictions every morning to self-improve. Live run on 24 June 2026 produced 13 score explanations, 13 AI-written business narratives, 18 prioritised actions, 428 ranked products, and 32 forecasts at \$0.01 AI cost.
